Prepared by Above All Media · October 2026

GREAT WORK, HIDDEN ONLINE

29

Google reviews for Premier. Every one is 5 stars.

200+

Google reviews for the local leader, in business since 2002.

0

Customers love Jeremy: on time, courteous, fair price. The problem isn't the work. It's that people searching right now can't find it.

TODAY'S ONLINE REPORT CARD

Channel	Grade	What we found
Website	C	Rented template, dead "Galleries" menu, typos, photos with no descriptions
Google reviews	C+	29 reviews, all 5 stars, but about one-seventh of the leader's
Search visibility	D	Not in the top results for the main local searches
Blog	D	49 auto-written posts with near-identical titles and no towns named
Brand consistency	C	Three versions of the name and an email on a different domain
Photos and video	C	A few strong before/afters, mostly phone snaps, no video yet

WHO YOU'RE UP AGAINST

Company	Reviews shown	Their gap
Mr. Softwash Power Shower	200+ · 5.0	The leader. No pricing, no video, vague guarantee
Southern Style SoftWash	Not shown	No review count and no online booking
Bluffton Soft Wash Co.	Not shown	Two phone numbers, no reviews or social shown
Bluffton Pressure Washing	Not shown	No reviews, credentials or proof
Premier Soft Wash	**29 · 5.0**	**Low review count, no town pages yet**

Apart from the leader, nobody shows real proof: review counts, video, a face, a written guarantee. That's the opening.

HOW EACH LESSON BECOMES A PREMIER MOVE

THREE ENGINES THAT PUT PREMIER FIRST

1 · Google & reviews. A review engine and a fully built profile to win the map.

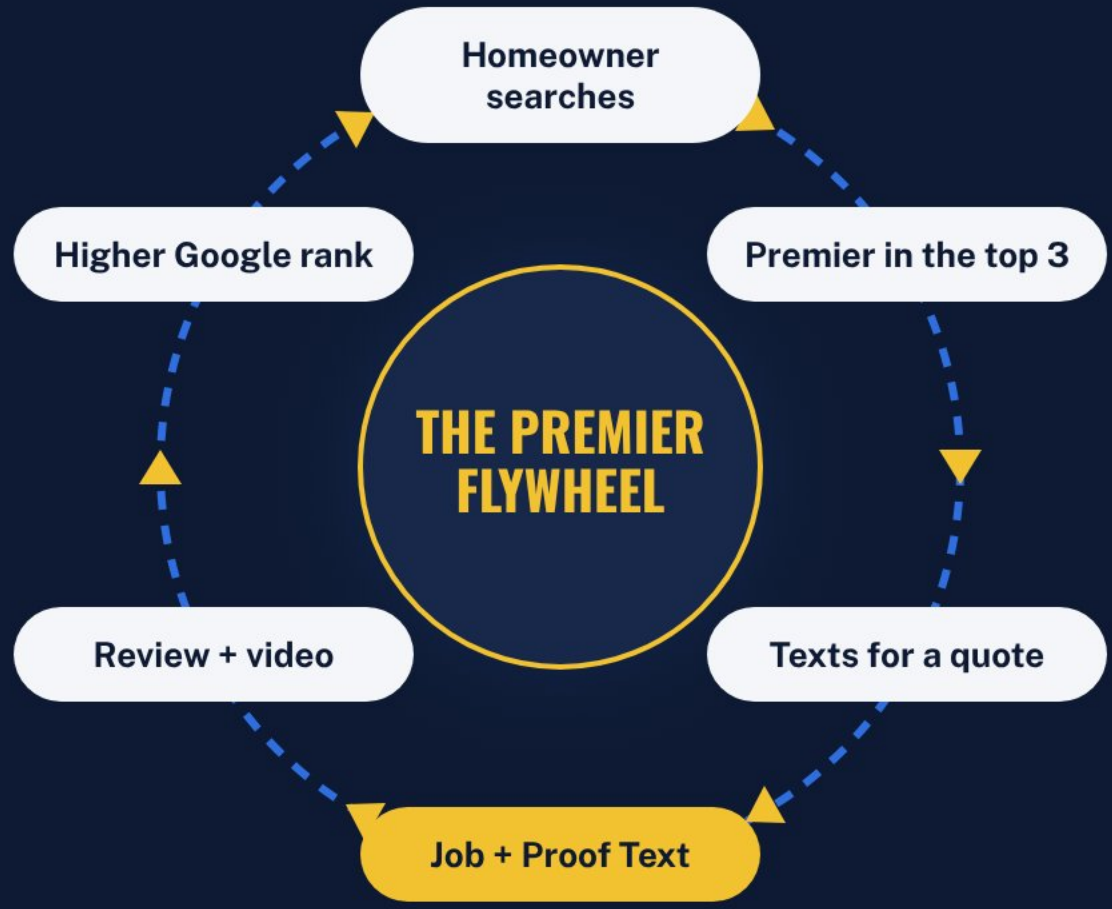

2 · A real website. A page for every service in every town.

3 · Video every week. Three short before-and-afters on every platform.

ONE LOOP THAT FEEDS ITSELF

Every job creates a review and a video. Every review and video pushes Premier higher. Higher rank brings the next job.

ENGINE 1 · GOOGLE & REVIEWS

OWN THE MAP

Most calls for local services come from the Google map results. Reviews, a complete profile and weekly posts decide who's on top.

The Proof Text

Before/after photos texted to the customer before Jeremy leaves, with the review link.

A complete Google profile

Right categories, every service, six towns, 30+ real job photos.

One name everywhere

"Premier Soft Wash" matching on Google, Yelp, Nextdoor, BBB and social.

ENGINE 2 · THE WEBSITE

A PAGE FOR EVERY TOWN YOU SERVE

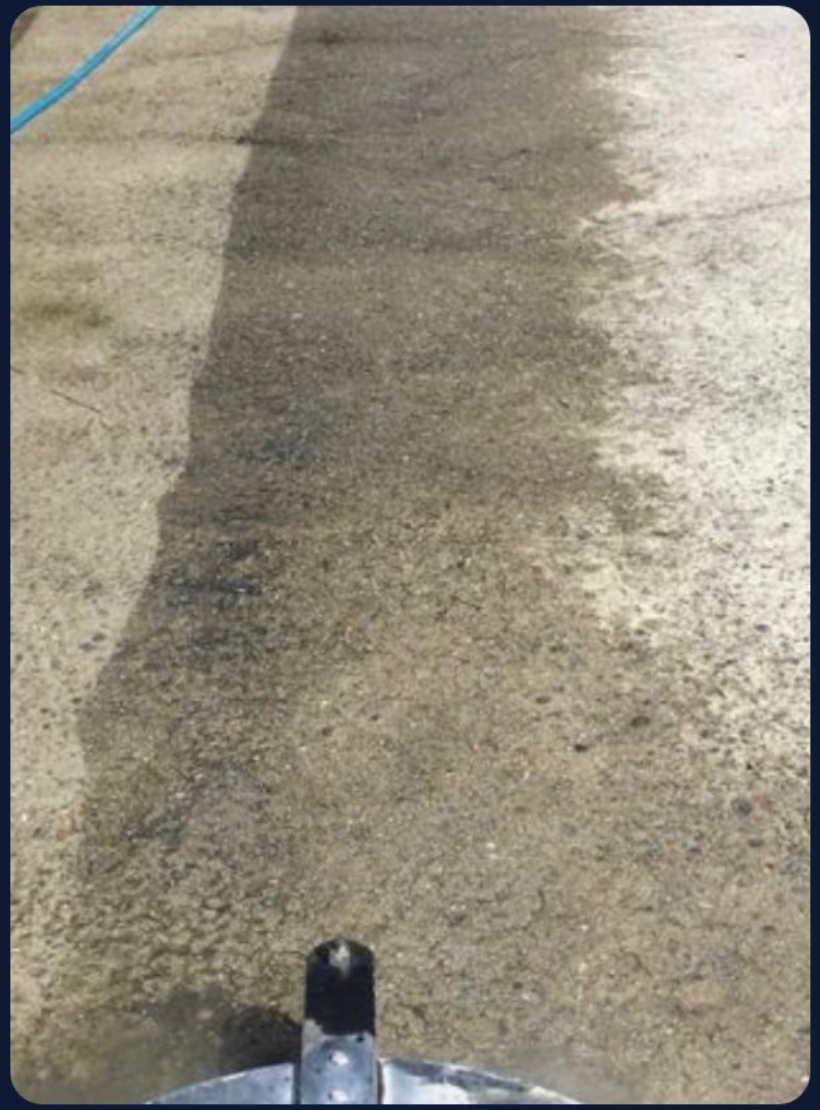

Roof Cleaning Hilton Head	House Washing Bluffton	Roof Cleaning Bluffton	House Washing Hilton Head
Sun City	Palmetto Bluff	Sea Pines	Okatie & Beaufort

Each page gets real job photos from that town, a local review, the HOA rules that matter there and a “Text us” button. The robot blog goes away.

ENGINE 3 · VIDEO

THE MOST SATISFYING FEED IN THE LOWCOUNTRY

- 4 short videos a week: Reels, TikTok, Facebook, YouTube Shorts, Google
- The 50/50 line, roofs going black to bright, Jeremy in 8-second tips
- Filmed and edited by Above All Media, so Jeremy just works

THE ANATOMY OF A POST THAT STOPS THE SCROLL

0 s — **The hook.** The clean line is already on screen, with text: “10 years of mildew. One soft wash.”

1–3 s — **The satisfying part.** Stripe after stripe, top to bottom, with the sound of the spray.

3–4 s — **The 50/50.** Hold on before and after, the most-shared frame in the industry.

5–7 s — **The reveal.** The whole wall clean, a glint, then it turns into the Premier shield.

8–10 s — **The ask.** Free quote, phone number, the three towns. Then it loops.

Top-channel rules: 10–20 seconds, vertical, loops, a text hook, the same format every time.

THE UNFAIR ADVANTAGE

LOCAL LEGEND × PREMIER SOFT WASH

MORE PROFIT PER CUSTOMER

Island Care Plan

Spring pollen wash, fall house wash, gutters and storm priority, billed monthly. One-time jobs become recurring revenue.

Property managers & HOAs

Chemistry you can trust

Your partner imports the chemicals. Show the right mix for each surface and how plants are protected.

HOW WE DESIGN IT

LEARNED FROM THE TOP CHANNELS, MADE OUR OWN

What the best cleaning videos do	Premier's own version
Show the payoff in the first second	**Open on the 50/50 line, never on an intro**
Repeat one format people recognize	**"Local Legends" episodes and "The Stripe" series**
Let the real sound carry it	**Water and surface-cleaner sound up, captions tell the story**
Overhead and POV angles	**Drone top-downs and a wand-cam point of view**
A bold text hook on screen	**Yellow-bar captions: "Who cleans Local Legend at 2 a.m.?"**
A simple mark that reads as an avatar	**The 50/50 shield, clear even at phone-icon size**
An ending that loops	**The last frame matches the first, so it replays**

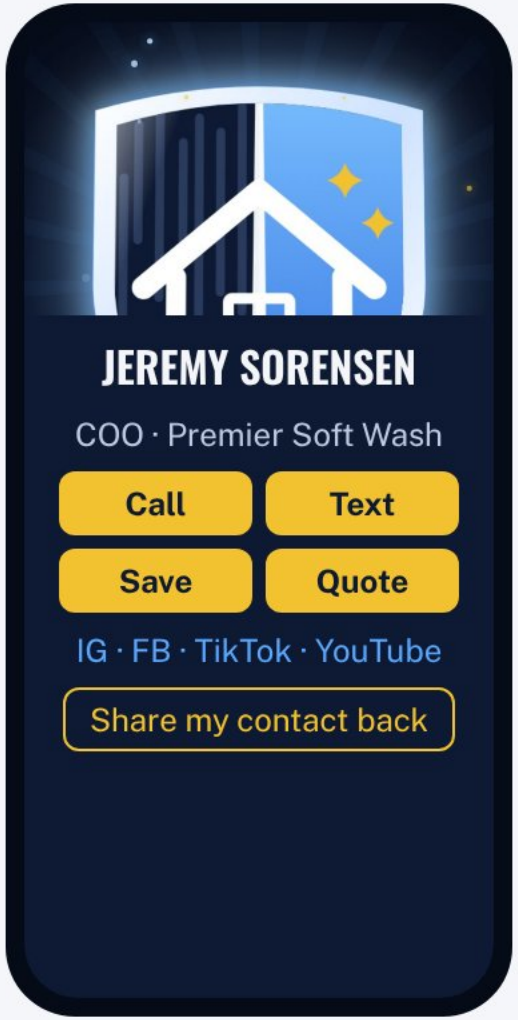

We study formats and pacing. Footage, logos, music and animations are always original to Premier.
